## • CEO MESSAGE •

I would like to extend my deepest gratitude and appreciation to all our valued customers and loyal partners who have placed their trust in Rock General Trading Company. Our continued success is only possible through our fruitful collaboration with you and our dedication to meeting your needs.

Since its establishment, Rock General Trading Company has distinguished itself by providing comprehensive solutions across multiple fields, including the supply of high-quality chemicals, water treatment to ensure its sustainability and safety, and well drilling using advanced technologies that keep pace with the latest developments in the industry. Additionally, our company has extensive experience in the construction sector, offering innovative and reliable building solutions based on global quality standards, ensuring that projects are executed efficiently and on time.

At Rock Co., we are committed to delivering services that exceed our clients' expectations while adhering to the highest safety and security standards. We continuously strive to enhance our performance and technological capabilities to provide advanced solutions that contribute to sustainable development.

We take pride in the achievements we have made and remain dedicated to working hard and professionally to offer the best services and meet your needs with excellence. Our focus remains on continuous improvement and development in every aspect of our operations. We look forward to further collaboration and sustained growth with all our partners and clients in the future.

## • WHO WE ARE? •

Rock General Trading Company is one of the leading and specialized companies in importing and supplying chemicals, artesian well drilling materials, as well as raw materials used in detergent manufacturing and water treatment. Since its establishment, the company has been committed to providing comprehensive solutions that meet the needs of both the local and regional markets by offering high-quality products, professional services, and competitive prices.

We strive to be the first choice for our clients by building long-term relationships based on trust, credibility, and quality while adhering to the highest standards of safety and security in all our business operations.

## OUR VISION

To be the market's first choice in importing chemicals and artesian well drilling materials by providing unparalleled quality products and innovative, integrated services that contribute to the advancement of the industrial sector and meet the needs of the local and regional markets. We believe in the importance of continuous innovation and fostering social responsibility as a core part of our values.

## OUR MISSION

We strive to deliver the highest standards of quality and professionalism in all our services and products. Our primary goal is to effectively and promptly meet our clients' needs while maintaining trust and transparency in every interaction. We are committed to providing sustainable business solutions that contribute to the growth of the industrial and commercial sectors in the region.

## • OUR VALUES •

1

### Quality First

We offer products and services that meet the highest levels of quality according to global standards

2

### Professionalism & Reliability

We are committed to delivering our services in a professional and reliable manner to all our clients.

3

### Continuous innovation

We are always searching for the latest technologies and products to meet market needs.

4

### Sustainability

We work diligently to provide solutions that preserve the environment and support the sustainability of natural resources.

5

### Teamwork

We believe that our success depends on the collaboration within our team and between us and our clients.

## COMPANY SERVICES

Al-Sakhr General Trading Company operates in a variety of industrial and commercial fields that require integrated and innovative solutions, including:

### SUPPLY OF MATERIALS FOR DRILLING ARTESIAN WELLS

02

- Drilling fluids and stabilizers
- Chemical additives for improving drilling efficiency
- Modern equipment and technologies for drilling and maintenance operations

### IMPORTING AND DISTRIBUTING CHEMICALS

01

- Chemicals for the pharmaceutical and food industries
- Chemicals for the production of detergents and cosmetics
- Chemicals for water treatment and waste management
- Chemicals used in agriculture and petrochemical industries

### SUPPLY OF WATER TREATMENT MATERIALS

04

- Chemicals for water purification and impurity removal
- Anti-scaling and anti-corrosion materials
- Modern systems and technologies for industrial and domestic water treatment

### PROVISION OF RAW MATERIALS FOR THE DETERGENT INDUSTRY

03

- Surfactants (Surface-active agents)
- Fragrances, colorants, and preservatives
- Thickeners, stabilizers, and foaming agents
- Chemical compounds for enhancing the effectiveness of cleaning products

### GENERAL TRADING AND CONTRACTING SERVICES

05

- In addition to our core activities, we offer a variety of services in the fields of trading and general contracting by providing materials, equipment, and products that meet the needs of clients across various sectors.

## CHEMICALS

Our products also include chemicals for various fields such as oil fields (drilling fluids, additives, mud, rig wash, etc.), the marine industry (rig wash, cleaning, corrosion inhibitors, etc.), water treatment (boilers, desalination plants, scale removal, waste treatment), and the fuel industry (additives, burners, etc.). Additionally, we offer organic salts such as formates and acetates.

## COMMODITY CHEMICALS

Item	Description
RK-01	Sodium hypochlorite (NAOCL)
RK-02	Aluminum sulfate (AL <sub>2</sub> (SO <sub>4</sub> ) <sub>3</sub> 14H <sub>2</sub> O)
RK-03	Caustic soda liquid(NAOH)
RK-04	Caustic soda flakes(NAOH)
RK-05	Hydrochloric acid HCL (536-)%
RK-06	Sulfuric acid (H <sub>2</sub> SO <sub>4</sub> ) (3236-)%
RK-07	Sulfuric acid (H <sub>2</sub> SO <sub>4</sub> ) (9899-) %
RK-08	Calcium carbonate (CaCo <sub>3</sub> )
RK-09	Calcium chloride (CACL <sub>2</sub> )
RK-10	Calcium hypochlorite Ca(CLO):
RK-11	Calcium bromide liquid
RK-12	Sodium bromide liquid
RK-13	Sodium chloride (Na CL)
RK-14	Poly aluminum chloride (PAC)
RK-15	Ferric chloride (FeCl <sub>3</sub> )
RK-16	Methanol (Hydrates Inhibitor for Crude Oil Application)
RK-17	Mono Ethanol Amine (MEA)
RK-18	Mono Ethylene Glycol (MEG) (Hydrates Inhibitor for Crude Oil Gas Application)
RK-19	Tri Ethylene Glycol (TEG)
RK-20	Diisopropanol amine (DIPA)
RK-21	Morpholine
RK-22	Flocculant (PAM) Poly acrylamide 90%
RK-23	Citric Acid (C <sub>6</sub> H <sub>8</sub> O <sub>7</sub> )
RK-24	Chlorine (CL <sub>2</sub> )
RK-25	Ammonium bisulfite
RK-26	Ammonia Solution 25% (NH <sub>3</sub> .H <sub>2</sub> O)
RK-27	Boric acid
RK-28	Barite
RK-29	Bentonite
RK-30	Micro sand (Quartz)
RK-31	Hydrazine 55% (N <sub>2</sub> H <sub>4</sub> )
RK-32	Sodium bisulfite NaHSO <sub>3</sub>
RK-33	Sodium meta bisulfite SMBS
RK-34	Toluene
RK-35	Benzoic acid
RK-36	Chlorine Scavenger
RK-37	Sulfur

## SPECIAL CHEMICALS

Item	Description
RK-S01	Demulsifier(for crude oil)
RK-S02	Reverse Demulsifier
RK-S03	H <sub>2</sub> S scavenger (oil Based & water Based)
RK-S04	Antifoam (oil-soluble, water-soluble & gas antifoam)
RK-S05	Corrosion inhibitor (Oil Based, Water-Based & gas corrosion inhibitor)
RK-S06	Biocide for fuel oil
RK-S07	Oxygen scavenger
RK-S08	Corrosion inhibitor (for cooling Close /Open system)
RK-S09	Antiscalant/Scale Dispersant for cooling
RK-S10	Biocide and Bio Dispersant cooling
RK-S11	Biocide for multi-use
RK-S12	Turbine Cleaner
RK-S13	RO Membrane Cleaning Chemicals
RK-S14	Filming corrosion inhibitor (for overhead used in refinery)
RK-S15	Coagulant
RK-S16	Scale inhibitor
RK-S17	Anionic acid corrosion inhibitor
RK-S18	Chelating agent
RK-S19	Hydrogen peroxide (3550%-)
RK-S20	Xylene
RK-S21	Neutralizer
RK-S22	Lube water-based mud
RK-S23	RO Anti-scale
RK-S24	Flocculent (polymer)powder
RK-S25	Flocculent (polymer) Liquid
RK-S26	Anti-bacteria
RK-S27	Corrosion inhibitor
RK-S28	Asphaltene inhibitor/dispersant
RK-S29	Acid gelling agent
RK-S30	Wax and paraffin dispersant/inhibitor
RK-S31	Water injection treatment chemicals
RK-S32	Bio dispersant
RK-S33	Oil dispersant
RK-S34	Gel breaker
RK-S35	Emulsifier
RK-S36	Water clarifier
RK-S37	Anti-freezing agent for diesel
RK-S38	Filter AID
RK-S39	Organic acid corrosion inhibitor
RK-S40	Viscoelastic surfactant
RK-S41	Vanadium inhibitor different types
RK-S42	Drag Reducer Agent

## • SAFETY STATEMENT •

Rock Co. is committed to the highest standards of safety and occupational health in all its operations, ensuring the protection of employees, the environment, and the community from any potential risks associated with handling chemicals, materials for drilling artesian wells, and raw materials used in the detergent and water treatment industries

### GENERAL POLICIES:

- Compliance with local and international safety and health laws.
- Ensuring a safe, hazard-free work environment with preventive measures.
- Training employees on safe handling of chemicals and raw materials.
- Providing proper personal protective equipment for all workers.
- Implementing emergency procedures and quick response to incidents.
- Monitoring and reducing environmental impact from operations.

### GENERAL POLICIES:

- Storing chemicals in designated and safe areas according to technical guidelines.
- Using appropriate protective measures during transportation and handling.
- Placing clear warning labels on all chemicals.
- Ensuring proper ventilation systems in storage and usage areas.

## • SAFETY STATEMENT •

### SAFETY PROCEDURES AT WORK SITES AND CONTRACTING:

- Conducting regular risk assessments at work sites.
- Providing personal protective equipment for workers and technicians.
- Ensuring proper maintenance of equipment and machinery used in drilling and supply operations.
- Providing emergency plans to handle accidents and injuries.

### EMERGENCY RESPONSE PROCEDURES:

- Providing eye wash stations and rapid response devices for chemical accidents.
- Training teams on evacuation and emergency plans.
- Immediate reporting of any incident or chemical spill and taking appropriate measures to minimize damage.

### ENVIRONMENTAL RESPONSIBILITY

- Reducing industrial waste and recycling where possible.
- Complying with environmental protection requirements during drilling and supply operations.
- Disposing of chemical waste in safe and approved methods.

### COMMITMENT AND CONTINUOUS IMPROVEMENT:

- Conducting regular reviews of safety procedures and continuously improving them.
- Involving all employees in awareness programs and ongoing training.
- Encouraging a culture of safety and responsibility among all workers.

Our commitment to safety is a fundamental part of our business success, and we continually strive to enhance a safe and sustainable work environment for all employees and stakeholders.

## • QUALITY STATEMENT •

ROCK CO. is committed to delivering the highest quality standards in its products and services to ensure customer satisfaction and achieve excellence in the fields of contracting, importing and supplying chemicals, materials for drilling artesian wells, and raw materials for detergent manufacturing and water treatment.

### QUALITY POLICY:

- Compliance with international and national standards and specifications.
- Implementing quality management systems (ISO 9001 or equivalent).
- Using high-quality raw materials to ensure product efficiency.
- Conducting regular inspections to ensure compliance with quality standards.
- Continuously improving operational processes.
- Maintaining ongoing communication with customers to understand their needs.

### QUALITY CONTROL PROCEDURES:

- Regular testing and inspections of materials and products.
- Documenting production and supply processes to ensure transparency.
- Immediate resolution of any quality-related issues.
- Monitoring supplier performance to ensure compliance with standards.

### CONTINUOUS DEVELOPMENT AND IMPROVEMENT:

- Investing in research and development.
- Analyzing customer feedback to improve quality.
- Encouraging innovation in operational processes.
- Regularly reviewing performance to identify improvement opportunities.

Quality is an integral part of our vision, and we continually work to improve our standards to deliver products and services that meet customer expectations and enhance our reputation in the market.

## WHY CHOOSE US?

- 1- Extensive experience in importing and distributing chemicals and drilling materials.
- 2- High-quality products that meet global standards and specifications.
- 3- Competitive prices that suit all customer needs.
- 4- Flexible and fast services that ensure timely product delivery.
- 5- Full commitment to deadlines, ensuring reliable and efficient supply continuity.
- 6- Technical support and specialized consultancy for our clients across various industrial sectors.

## OUR TEAM

---

ROCK CO. team consists of a select group of experts and specialists in various fields, ranging from business and logistics management to chemical and technical experts. We strongly believe in the power of teamwork, which is why we invest significant effort in training and developing our employees to keep up with the latest developments in industrial and commercial markets

## OUR PARTNERS

APPADURAI HITECH Engineering  
Industries

Al-Furat General Company for  
Chemical Industries

Sika AG (Switzerland) for Chemical  
Industries

Ecolab Inc. (USA) for Water Treatment  
Technologies

Al-Ettihad Limited Food Industries  
Company

## OUR WORK AND PROJECTS

A person wearing a light blue lab coat, a white surgical mask, and a blue hairnet is working in a laboratory or industrial setting. They are looking down at something out of frame. In the background, there are various pieces of equipment, including a large stainless steel tank and a control panel with a digital display and buttons.

## • SOCIAL RESPONSIBILITY •

"At ROCK CO., we believe in the importance of our role in society, which is why we are committed to implementing projects that have a positive impact on the environment and the community, such as environmental sustainability initiatives and providing water treatment solutions that improve the quality of life for local communities.

We offer the following services:

**Technical Consultancy:** We provide specialized advice on the use of chemicals and well-drilling solutions.

**Training and Development:** We train teams from companies in the same fields on the correct and safe use of products.

**Delivery Services:** We offer fast delivery services for materials and products to specified locations.
